

## M. Browne - San Clemente, CA

The Guys at South Coast really came through for our family. We just bought a house that had been a foreclosure and the kitchen had to go. I had family coming from out of town to stay with us in a little less than a month. I wanted to get a new kitchen in fast. South Coast had my kitchen installed and ready in just over two weeks from the day I called them. I highly recommend Matt and his crew.

Thanks South Coast,

M. Browne
